

REMARKS

In an Amendment filed on January 11, 2008, Applicant amended the title to read "APPARATUS AND PROCESS FOR FORMING A POWDER COATING ON A SUBSTRATE USING A FLUIDISED BED OF TRIBOSTATIC CHARGING OF THE POWDER COATING COMPOSITION." However, the Issue Fee transmittal still lists the original title of "POWDER COATING APPARATUS AND PROCESS." Applicant respectfully requests that the title of the issued patent be correctly reflected as per the January 11, 2008 Amendment. Should there be any questions regarding these Remarks, please contact the undersigned.

Respectfully submitted,

Dated: April 30, 2008
